

The Chemical Age

Index to Volume LIII

July to December, 1945

A

- Accident Responsibility, 149, 440
Accounts, British Chemical Trade, 259
Activation of Catalysts, 502
Agitator, New High-Speed, 130
Air Mail Facilities, 312
Air Pollution, 599
Air Pollution Discussed, 617
Alaskan Wolframite, 410
Alcohol and Fuel from Sulphite Liquor, 178
Alkali Imports, Argentina, 176
Algin Industry, The American, 201
Alloys, Copper-Cobalt, 204
Almin, Ltd., 516
Alumina from Clay, 200
Aluminium Control Relaxed, 87
Aluminium in France, 409
Aluminium, Plating on, 516
American Algin Industry, The, 201
American Synthetic Fuels, 83
American Work on the Atomic Bomb, 355, 385
Ammonia for India, Synthetic, 84
Analyses of Hydrocarbons, 482
Analytical Chemistry, Recent Developments in, 221, 507
Antibacterial, A potent, 440
Antimalarial, New, 431
Antioxidants for Fats, 594
Argentine Alkali Imports, 176
Association of British Chemical Manufacturers, 361
Atomic Bomb Patents, 200
Atomic Bomb, American Work on the, 355, 385
Atomic Bomb, The Realisation of the, 194
Atomic Energy, Canada's Work on, 435

AUTHORS—

- Arend, A. G., Industrial Uses of Iodine, 313; Conserving and Reclaiming Mercury, 513
Benn, Sir Ernest, Planned Stagnation, 242; Brian, P. W., New Disinfectants, 460
Creevey, J., Accident Responsibility, 149; A Hazard and its Remedy, 307; Safety Advice without Prejudice, 461; Cremer, H. W., The Siting and Lay-out of Industrial Works, 74
Fitt, R. L., The Siting and Lay-out of Industrial Works, 74
Gupta, L., India's Heavy Chemical Industry, 483
Howat, Dr. D. D., Synthetic Fibres for Textiles, 169; South Wales and the Future of the Chemical Industry, 381, 405
Lacey, P. M. C., The Mixing of Solid Particles, 119, 142; LaQue, F. R., Cast Iron in the Process Industries, 413; Lyle, O., Simultaneous Generation of Power and Steam, 125
Mittler, S., Swan Committee's Report, 54; Patent Policy in the United States, 457; Inventions of Scientists, 592; Murray, W., Inhibition of Corrosion of Metal in Contact with Water and/or Steam, 215, 227
Peterson, H. E., Fluorescence Test for Uranium, 336
Sill, C. W., Fluorescence Test for Uranium, 336; Smith, G. S., Important New Dielectrics, 429
Trousseau, J. H., The Cornish Mining Industry, 101, 198; Turpin, P. H., Industrial Plant in Glass, 285
Williams, A. E., Fused Silica, 97; Water Purification by Activated Carbon, 179

B

- Bacteria in Paint, 571
Ball and Pebble Mills, 390
Beeswax Stocks, 545
Belge, Union Chimique, 521
Belgian Chemical Exhibition, 343
Belgian Chemical Notes, 246
Bihar, The Mineral Wealth of, 245
Boiler Water, Organic Treatment of, 493

BOOK REVIEWS—

- Chemical Manufacturers' Directory for 1945, The, 469
Collected Papers of Metallurgical Analysis by the Spectrograph (Edited by D. N. Smith), 205;
Colloids, Their Properties and Applications (A. C. Ward), 107
Dictionary of Metallography, A (R. T. Rolfe), 469
Elementary Wave Mechanics (W. Heitler), 548
Fertilisers During and After the War (E. M. Crowther), 183
Rubber in Engineering (Services Rubber Investigations), 183
Semi-Micro Quantitative Organic Analysis (R. Belcher and A. L. Godbert), 107
Text-Book of Qualitative Chemical Analysis (Arthur I. Vogel), 270; This Chemical Age (Williams Haynes), 9
Whither Plastics? (Ronald Fleck), 107
Borax Companies Fined, 176
Boron in Steel, 410
Brazilian Uranium, 310
Britain's Steel Production, 410
British Chemical Trade Accounts, 259
British Coke Research Association, 204
British Industry, Reverting, 342
British Standards, New, 588
B.T.H. at War, 310

C

- Calcium Permanganate, 59
Calcium Production in U.S.A., 432
Canada's Export Trade, 574
Canada's Work on Atomic Energy, 435
Canadian Plants, New, 492
Canadian Streptomycin, 626
Cast Iron in the Process Industries, 413
Cerium Oxide Abrasive, 260
Channel Islands, Supplies for the, 168
Chemical Companies in 1944, U.S., 151
Chemical Councillors, 441
Chemical Delegates, Indian, 155
Chemical Industry, Indian, 34
Chemical Industry, Poland's, 156
Chemical Notes, Belgian, 246
Chemical Notes, French, 155, 204, 311
Chemical Notes from France, 27
Chemical Prices, French, 181
Chemical Resources, Denmark's, 37
Chemicals, Korean, 332
Chemicals, New U.S., 159
Chemical Progress in South Africa, 341
Chemicals from Coal in the North, 565
Chemicals in South Africa, 346, 621
Chemicals, South African, 57, 177
Chemical Trade Accounts, British, 259
Chemists, Social Security for, 289
China Clay Trade, The, 380
China's Metal Output, 197
Chromite, Treatment of, 266
Clay, Alumina from, 200
Cobalt Deficiency, 131
Cobalt and Rhenium, 17
Colonial Chemistry, 193
Combined Board's Future, 219

COMPANY NEWS—
